Minutes	<i>Moved</i> that the minutes of the General Meeting of the Association held on 11 th August 2008 were a correct record. Resolved.
Guest Speaker – SCRC Mayor Bob Abbot	Mayor Bob Abbot shared his vision for the Sunshine Coast over the coming years. That vision, he said, includes the creation of a sustainability and innovation unit which is designed to ensure the environment, economy and unique lifestyle are all equal considerations in planning and decision making by Council. Mayor Abbot feels the future for the Sunshine Coast is to develop the capacity to be self sufficient. In particular, Mayor Abbot believes that the Sunshine Coast cannot continue to rely upon the tourism, retail and construction industries forever and that our community needs to diversify economically and culturally in order to secure the future of our region. In addition to that diversification, existing assets including the airport and caravan parks will be expected to provide a better return on Council's investment. In order to lay a solid foundation for the future of the Sunshine Coast, Mayor Abbot said that the capacity to grow will not be possible if Council is frightened to make difficult decisions he predicts will need to be made in the coming 18 months. He urged the community to be involved to give Council the information it needs to make those decisions by reference to what is best for the community as a whole rather than what is best for each member of the community as an individual. Vote of thanks by Immediate Past President Warwick Daniels

Treasurer's Report	<p>As per attached Statement.</p> <p>Funds raised through sale of Entertainment Book was handed over to the TWRA by Malcolm & Cythia Smith who were thanked for their fantastic efforts in selling the books and raising the sum of \$852.00 for the Association.</p>
Council Report – Cr Debbie Blumel	<p>Cr Blumel gave an update on several issues including a new water harvesting scheme being trialled at Coolum Ridges which has received federal government funding as part of a research and development project. Agrees with Mayor Abbot's self-sustainability philosophy.</p> <p>The D.A. affecting Noosa Springs is to be debated on Wednesday 15th October. Cr Blumel has been leading the debate against the proposed subdivision stating that the key issue was whether development applications will lead the planning process, or the planning process will lead development.</p> <p>Still no word on the nudist beach and whether or not it will proceed</p>
Qld State Govt Report – Fiona Simpson, MP	<p>Fiona discussed water security vs sustainability.</p> <p>Is opposed to locating the desalination plant at Marcoola. Feels the ideal site for it would be the seaward side of Bribie Island.</p> <p>Thinks the Traveston Dam is the wrong answer to the state's water problems.</p> <p>Discussed the current problem with Greenfield developers not having an incentive to be creative with water harvesting and the like – the same infrastructure charges are payable by them regardless of the fact that they take any green initiatives.</p> <p>Airport – Considers the space around the airport is the ideal site for industry provided noise issues are addressed and the types of buildings which will need to be constructed are in keeping with the Sunshine Coast airport being a gateway to the Sunshine Coast for visitors.</p>
Social Report – Warwick Daniels	<p>The Christmas Carols event will be taking place at the Novotel on the 21st December.</p>
